

# The Warlock

Strathspey

Arr. for pipes, Michael Kerr

\*) Composed by Robert Lowe

\*) Sources: This strathspey is known to virtually every Cape Breton fiddler though I know of no other piper who plays it. I set my version based on the fiddle playing of Mike MacDougall who can be heard playing this tune on the old BBC LP recording

*THE MUSIC OF CAPE BRETON: Volume 2, Cape Breton Scottish Fiddle*

A sample of that is included on audio cassette tape provided with this package. Also, Jerry Holland has a fiddle version set down in his book of tunes.
